Proposal on principles for the composition of the Nomination Committee

The Nomination Committee proposes that the procedure for appointment of the Company's Nomination Committee shall be unchanged and therefore proposes that the Meeting resolves on the following principles for appointing the Nomination Committee for the next annual general meeting.

The Nomination Committee shall consist of five members.

The Nomination Committee shall consist of five members. The Chairman of the Board of Directors will contact the four largest shareholders in terms of votes based on Euroclear Sweden AB's list of registered shareholders on the last business day of August each year, or which by other means can be identified as one of the four largest shareholders. The four largest shareholders will each be given the opportunity to elect one representative to form the Nomination Committee along with one of the members of the Board of Directors who is independent in relation to the Company's management. If any of these shareholders chooses to waive its right to elect a representative, such right is transferred to the shareholder who, after these shareholders, has the largest share ownership. The Nomination Committee's term of office extends until a new Nomination Committee is appointed.

Unless the members agree otherwise, the Nomination Committee will be chaired by the member who represents the largest shareholder in terms of votes. However, a member of the Board of Directors shall not be Chairman of the Nomination Committee. The majority of the members of the Nomination Committee are to be independent of the Company and its management. Neither the Chief Executive Officer, nor other members of the management, are to be members of the Nomination Committee. At least one member of the Nomination Committee is to be independent of the Company's largest shareholder in terms of votes or any group of shareholders who act in concert in the governance of the Company. Members of the Board of Directors shall not constitute a majority of the Nomination Committee. If more than one member of the Board of Directors is on the Nomination Committee, no more than one of these members of the Board of Directors may be dependent of a major shareholder of the Company.

The Chairman of the Board of Directors shall call for the Nomination Committee's first meeting. Fees are not to be paid to the members of the Nomination Committee. As required, the Company shall be responsible for reasonable costs for external consultants that the Nomination Committee deems necessary to perform its work.

The composition of the Nomination Committee will be announced via a separate press release as soon as the Nomination Committee has been appointed, and no later than six months prior to the annual general meeting. Information will also be made available on the Company's website, which shall also explain the manner in which shareholders submit proposals to the Nomination Committee. Members of the Nomination Committee must relinquish their places on the committee if the shareholder who originally appointed them is no longer one of the four largest shareholders, following which new shareholders, in order of the size of their holding, will be offered the opportunity to elect a member, however only ten shareholders need be approached in turn. However, unless there are exceptional circumstances, no changes will be made to the composition of the Nomination Committee if only minor changes to voting rights have taken place, or if the change occurs later than three months prior to the annual general meeting. If a member of the Nomination Committee steps down voluntarily from the committee before its work is completed, the shareholder who elected that member must appoint a

successor, provided that the shareholder is still one of the four largest owners in terms of votes that are represented in the Nomination Committee. The Nomination Committee is entitled, if deemed appropriate, to co-opt members appointed by shareholders who became one of the four shareholders with the largest holdings in the Company after the Nomination Committee was formed, and who are not already represented on the Nomination Committee. Such co-opted members do not participate in the decisions of the Nomination Committee.

The tasks of the Nomination Committee shall be to prepare, for the next annual general meeting, proposals in respect of the number of members of the Board of Directors, remuneration to the Chairman of the Board of Directors, the other directors of the Board of Directors and the auditors, respectively, remuneration, if any, for committee work, the composition of the Board of Directors, the Chairman of the Board of Directors, principles for appointing the Nomination Committee, Chairman at the annual general meeting and election of auditors.

Motivated opinion of the Nomination Committee

As a part of the Nomination Committee's work, the committee has held interviews with the current members of the Board of Directors. Based on this information, the Nomination Committee has discussed the requirements for the composition of the Board of Directors and considered factors such as competence, experience and background of the members as well as the size of the Board of Directors. The Nomination Committee has applied section 4.1 of the Swedish Code of Corporate Governance as diversity policy. The Nomination Committee considers that the current Board of Directors' work is proceeding well and that the Board of Directors has an appropriate composition in relation to the Company's operation, phase of development and other relevant circumstances pertaining to the Company. The Nomination Committee also considers that the Board of Directors has an adequate diversity and breadth of competence, experience as well as educational and professional background. In light of the above, the Nomination Committee proposes that the current members of the Board of Directors shall be re-elected at the annual general meeting 2019. The Nomination Committee is aware of the fact that only one of the proposed members of the Board of Directors is a woman, which corresponds to 20 percent of the total members of the Board of Directors. The Nomination Committee will continue to strive for a more gender balanced composition of the Board of Directors. In accordance with the audit committee's recommendation, PricewaterhouseCoopers Malta shall be re-elected as the company's auditor. Remunerations shall not be changed as they are considered to be competitive and in line with market practice.

The Nomination Committee has assessed whether the proposed members of the Board of Directors are to be considered independent of the executive management, the Company as well as the major shareholders. The proposed member Johan Svensson is considered to be dependent of both the executive management, the Company as well as the major shareholders and the proposed member Erik Skarp is considered to be dependent of the major shareholders. All other proposed members of the Board of Directors are considered independent of both the executive management, the Company as well as the major shareholders. The proposed Board of Directors meets the requirements on independence set out in the Swedish Code of Corporate Governance.
